ULLA SUMMER SCHOOL LEIDEN 2024

Come join us for a week of pharmaceutical sciences courses and social activities.

WHO WILL I MEET?

The Summer School expects 200 PhD candidates in total, from 10 universities across Europe that are part of the network. See <https://ullapharmsci.org/>.

WHAT WILL I LEARN?

Apart from getting to know friends and future colleagues, around 40 courses in all topics of pharmaceutical sciences will be given during the week within the following themes: Drug discovery, Biologics, Therapy, Artificial Intelligence, Drug development, Biomarkers and General Skills.

ASK YOUR LOCAL COORDINATOR ON HOW TO SIGN UP!
